SHOULD KEEP AN EYE ON JAPAN

Col. Donovan Says Cossack General Whose Troops Flogged An American Officer Recently Is In the Pay of Japan

(By Associated Press)
New York, Oct. 4.—The Cossack general Kalnikoff, whose troops flogged an American soldier in Siberia recently, is in the pay of Japan, according to a statement by Col. William J. Donovan, formerly commander of the 165th Infantry, published by the New York Herald today. Colonel Donovan recently returned from a trip through Japan, China and Siberia. "The United States should keep her eye on Japan," he declared, "under no circumstances should she recall the force she now has in Siberia. Japan is receiving all kinds of concessions from the Cossack generals and one of the outstanding figures in this group is General Kalnikoff, who is credited with having ordered that Benjamin Sperry, the American soldier, be flogged." Col. Donovan said that he had spent considerable time with Admiral Koltchak and found him a real patriot throughout, honest in his intentions. Col. Donovan declared that he did not believe there was a likelihood of war between the United States and Japan. "The idea of the militarists of Japan that we were a nation of soft money makers had been dispelled by what we have done in the European war," he said. He asserted that if the United States acted with firm hands, an open door in the East would be assured.

KISNOP ARRIVES AT PLYMOUTH, ENGLAND

Ship Had Very Successful Maiden Trip Across the Ocean.

The steamship Kisnop, the first of the fleet launched at the Atlantic ship yard, has arrived at Plymouth, Eng., with a cargo of cotton and other material from Brunswick, Ga. The Kisnop made a fine sailing record for a ship of her type and behaved excellently on her maiden voyage across the Atlantic.

The Captain reports by mail that the crew are all well and feel proud of the ship. If every ship from the Atlantic turns out as well as the Kisnop, the builders at Freeman's Point certainly ought to stand well with the government.

Mrs. Harry Small of Rumford Falls, Me., arrived today to pass two weeks as the guest of her sister Miss Martha McIntire of York, Me.

(By Associated Press)
Washington, Oct. 4.—Indications this morning were that President Wilson was slightly better, Secretary Tumulty said. He had a better night than he did Thursday. After a consultation with Dr. Doremus of Philadelphia, and Stitt and Ruffin of Washington, Dr. Grayson issued the following bulletin at 10:45 a. m. "The President had a good night's rest and his condition is more favorable."

"The President's temperature and pulse are normal and he is said to be cheerful though becoming restless about being confined to his bed. Two specialists who have examined the President before were summoned to Washington today. They were Dr. F. X. Doremus, a neurologist and Dr. George D. Schweinitz, an eye specialist, both of Philadelphia. They were to have a consultation with Admiral Grayson and Doctors Stitt and Ruffin of Washington. Messages from all parts of the country and many foreign capitals continued to pour into the White House and a number of officials and diplomats called to inquire as to the President's condition."

BETTING NOW FAVORS WHITE SOX

(By Associated Press)
Chicago, Oct. 4.—Measured by shutting out the Cincinnati Reds in the third game of the World Series, the White Sox today declared they were ready to back up Cicotte, their one true ace, with the fighting spirit that brought them the pennant in the American League and even up the series. The Reds did not believe they would again encounter such marvelous pitching as shown by Kerr, and asserted their expectations of having an easy time with Cicotte or any other Sox twirler. Crowds that began forming about the park last night indicated that the full seating capacity would be packed today. No announcement was made by Moran or Gleason as to their pitching selections for today's game, but it was believed that Cicotte would be on the mound for Chicago with either Eller or Reuther twirling for Cincinnati. Showers and cooler weather was predicted. The betting was again in favor of the White Sox. The probable batting order for today's game follows: Cincinnati—Rath 2b, Daubert 1b, Gresh 3b, Roush cf, Duncanson lf, Kopf ss, Neale rf, Wingo c. Chicago—J. Collins rf, E. Collins 2b, Weaver 3b, Jackson lf, Felsch cf, Gandil 1b, Risberg ss, Chalk c, Cicotte p.

BRITISH POTTERS ALARMED

(By Associated Press)
London, England, Oct. 4.—The British pottery trade has taken alarm at the appearance of German china in the stores of the pottery districts, prices which manufacturing potters declare they cannot approach. Even in this city, with its important pottery industry, German wares are being offered below the cost of local manufacture. "These German goods, it is stated, are being represented as of Dutch manufacture, but a member of the English China Manufacturers' Association said that no such china was manufactured in Holland. The price of the German goods is fully fifty per cent under the cost of local production and this in London, the real home of English china. If it is true, as has often been said, said a pottery manufacturer, "that Germany has been accumulating vast stocks of manufactured goods during the war, it is possible she has been passing them over the Dutch border in exchange for butter and cheese. In that case the prospect of wholesale 'dumping' from that quarter, added to the certainty of severe direct German competition in home and overseas markets will create a serious situation for the English china manufacturer."

STOLE AUTOMOBILE AND GOT FRIGHTENED

Left Car on Highway Near Richards Avenue.

The automobile of E. J. Curtis Matthews Jr., was stolen from Middle street near the North church chapel on Friday night shortly after 9 o'clock.

After a hunt of 30 minutes by the police and others, the car was found abandoned near the corner of Richards Avenue and Middle street. Every door of the car was swinging open which indicated that the car had several occupants who likely were frightened when the car got stalled and made a quick exit.

NO HEARING IN THE DUFFY CASE

Once again for some reason or other, the Duffy divorce case was not opened in the York county supreme court at Alfred on Friday, although the parties directly concerned and several witnesses were present. The September session closed today and the case naturally goes over to January.

MEDIATORS TRYING TO MAKE A SETTLEMENT

(By Associated Press)

London, Oct. 4.—Efforts of trade and unionists mediators to find some means of bringing the government and leaders of the International Union of railway men together continued today in spite of yesterday's breach in negotiations. Fourteen delegates met today at the headquarters of the transport workers' federation for the purpose of formulating further proposals. It is expected they will approach Premier Lloyd George on Monday.

London, Oct. 4.—The cabinet met today at the residence of Premier Lloyd George. There were many conjectures whether King George, who will arrive in London this evening, would involve his authority and re-assemble parliament. This suggestion, which with approval in both circles where it is considered that public discussion would alienate the public.

KING ALBERT CANCELS ENGAGEMENTS

Does Not Want to Attend Amusement Places While the Health of the President is Considered Serious

New York, Oct. 3.—Because of the illness of President Wilson, King Albert of Belgium has decided to cancel all of his engagements in connection with his tour of the country, after the Boston and Buffalo visits up to Oct. 14. From Buffalo the royal visitors will go to some point in California and will remain there until his schedule visit at San Francisco on Oct. 14. His schedule after that date are tentative.

His Majesty decided that owing to the condition of the health of President Wilson he does not care to go to places of amusement and he cancelled his trip to the Hippodrome this evening.

CONSULS TO LOOK AFTER FOREIGN TRADE

Washington, D. C., Oct. 3.—While the business interests of the United States are necessarily in doubt as to the scope and detail of their future foreign policy because of the delay of the senate in ratifying the peace treaty, the government is laying plans so that American commerce can plunge into active world competition when the war is officially at an end. With ships to transport American goods, statistical facts to guide the salesman in foreign fields and the industrial ability to supply the greater part of the world the United States is in the best possible position, could prompt ratification of the peace treaty be obtained.

The work of creating, or rather of building a foreign trade for the U. S. will fall on the Department of State and commerce in conjunction with the work of the Shipping Board, The Bureau of Foreign and Domestic Commerce will act through its special agents and investigators throughout the world in acquainting the producers of this country with opportunities abroad, while at the same time they will carry on the work of advertising American goods to the foreign markets. In the State Department the Foreign Trade Adviser and the Consular Service will form the liaison between the foreign consumer and the American producer.

The consuls of the Consular Service are, of course, the active agents of the Commerce Department in many countries in matters involving foreign trade opportunities. To these two services will fall the lot of reopening

such countries as Turkey, Russia, the Balkans, Germany and Austria and in "digging in" in the hitherto unutilized monarchies and republics of Africa and Asia. Besides there will be thousands of opportunities in South America, many of whose markets formerly patronized German products, and most of whom are in recent years turning with a marked degree of preference to goods from the U. S.

The Consular Service has been greatly expanded during the past few years to meet the demands of war conditions. There has been no increase of personnel in the number of principal officers, as they are called, but the vast amount of work to be done abroad during the war has necessitated the taking on of numerous assistants and large clerical forces. About fifty of the principal officers or consuls withdrawn from posts within the Central Powers during the war have been scattered elsewhere in the last two years, and this in itself amounts to an expansion of personnel in the enlargement of the foreign field covered. In addition to this the State Department has secured the consent of the last congress to the creation of the new posts of vice-consuls of career. These are births to be filled in out of the way places by younger men who are willing to start on minimum salaries to learn the work of the diplomatic and consular services as a career.

It is possible that this new branch of the service will result in the appointment of probably a half hundred additional consular officers, whose status will be similar to that of principal officers except that they will not in states and communities of lesser importance. These men will fill a need that has been long felt by the United States in its interests abroad. Heretofore their work has been largely attended to by foreigners, natives of the states to which they were attached, who were employed very much as if they were foreign legations.

The work the Consular Service accomplished during the war will remain in part a closed book, and in fact so many and varied were the duties they performed that some of them, of no official significance, will never be reported. The service was, however, the outpost of the nation in the countries outside of the Central Powers. It is estimated that it spent several billions of dollars in the business of making war purchases for the government. The materials necessary for this country from Chile, special woods from South America, the from Singapore and other purchases obtainable in foreign countries were made through the consuls. In the matter of keeping all shipping interests informed of this war time shipping conditions their reports were absolutely essential. Much of the supplies for the American naval and merchant ships in foreign ports were obtained through the consuls and they also handled the work of routing the American merchant shipping.

In the new field of American commerce they will play a relatively important part. The American service has grown during the past six or eight years until it is rapidly increasing in prestige in foreign countries and fast paralleling the standard of other countries; heretofore the recognized leaders in the international field.

**SENTENCE DOVER
MAN TO PRISON**

Dover, Oct. 4.—Abbas Meykian, who was found guilty of manslaughter in the second degree was brought over from the county jail yesterday morning and was sentenced by Judge J. B. Allen of Keene. Before imposing sentence, the judge asked the responsibility if he had any thing to say. In his behalf, Atty. Murphy asked the court to consider the request of the jury for leniency. The court after hearing the argument ordered the respondent to be confined in the Concord state prison for a period of at least seven years. He was ordered to pay the cost of court and Sheriff Guelwin took the

prisoner to Concord where he will begin the sentence.

Meykian told the court that he came to this country at the age of 17 years, that he had a dependent mother and sister in Greece and that, in his country, the taking of life was not a serious crime. He did not know the laws of this country, neither did he speak the English language.

Attorney Murphy waived the exceptions taken during the trial.

SOCIETY OF COLONIAL WARS AT DURHAM

Durham, N. H., Oct. 4.—The 26th annual court of the Society of Colonial Wars met here today in the library of New Hampshire college. Governor Arthur G. Whittemore of Dover presided and at this business meeting which was the first event on the program all of the present officers were re-elected with two exceptions: John H. Neally was elected to the Committee of Preservation of Records to take the place of M. P. Plant who has died since the last annual meeting and Levi Holbrook replaces, on the same committee, Charles H. Greenleaf, resigned. Following the business meeting the members of the court, about twenty in number, dined at the new college "Commons" with Dean E. R. Groves of the Arts and Science division. In the afternoon, Governor Whittemore introduced Dean Groves who spoke a welcome to the visitors and then John Seales of Dover presented a brief outline of the history of Durham. Mr. Groves was followed by Dean Charles H. Potter of New Hampshire College who gave the story of the history of New Hampshire college from its beginning in 1866 at Hanover when its entire equipment consisted of a farm and one professor.

Today the college has a faculty of nearly seventy and an attendance of close to 800. Following the address there was an inspection of the college buildings and visits to some of the historic places near the college.

ODD FELLOWS TO GATHER TUESDAY

Laconia, Oct. 4.—The annual session of the Grand Lodge, I. O. O. F., and the Rebekah assembly, of New Hampshire, will be held in this city, Tuesday and Wednesday, Oct. 7 and 8. The meetings of the Odd Fellows Grand Lodge will be held with the Chionona lodge at Lakeport, members of the Grand lodge will make their headquarters at the Eagle hotel and the campment and canton at the Mt. Lebanon house, Lakeport. The Rebekahs will hold their assembly at the lodge room of the Whitehouse lodge and will make their headquarters at the Laconia Tavern. The Lake City club has tendered the use of their club room in Smith's block to the Odd Fellows for Tuesday and Wednesday, and their quarters will be utilized for a rest room. A feature of interest will be the parade Tuesday afternoon, at 2:30 for which prizes amounting to \$400 in gold have been offered. Public exercises in observance of the termination of O. O. Fellowship will be held Tuesday evening at 8 o'clock in the Colonial theatre, with an overflow meeting at the Moulton opera house. The speakers will include Grand Sir Henry V. Bond of New York, Deputy Grand Sir Alfred S. Pinkerton of Massachusetts and Martha A. Prescott of New Hampshire, president of the Rebekah assembly. There will also be selections by the White Mountain quartet of Concord and music by an orchestra.

The management of the Tuesday dance in Freeman's hall expects a large out of town patronage next Tuesday evening.

CHICAGO WIN A GAME IN THE SERIES

Defeat the Cincinnati Reds With Keer
Pitching Great Ball--White Sox Play
Fine Game

Chicago, Oct. 3.—On their home grounds the Chicago White Sox took the third game in the World series, winning from the Cincinnati Reds 3 to 0. This win will do a lot to give the White Sox confidence, although from the way they played the game today it was not apparent that they allowed the Red's two wins to prey upon their mind very much.

A crowd of 35,000, the grounds capacity saw the home team turn the tables on the Reds, and the greater part of the crowd may be handed to Kerr who allowed the Reds but three hits and did not allow a pass. Jackson's and Gandil's singles in the second with a wild throw by Fisher which would have retired Jackson opened the way for two runs and a triple by Risberg.

Fisher pitched for the Reds and he was hit hard in spots and only wonderful fielding by the Reds saved him a greater score. He finally gave way to Laque in the ninth.

Kid Gleason gave the White Sox a heart to heart talk before the game and it apparently had its effect for they played with a dash and fight that was more like the old Red Sox.

The White Sox scored in the second. Jackson after missing two strikes singled to left. Felsch hit to Fisher, who threw wild to force Jackson at second and Jackson went to third, and Felsch went to second, Gandil singles to right scoring Jackson and Felsch. Risberg walked. Schalk forced Gandil at third. Keer forced Risberg at third. Fisher to Groh. Lidehold out Groh to Daubert. Two runs.

The Chicago's scored another run in the fourth after Gandil had been retired. Risberg tripled to right. Neale's slow fielding gave two extra bases. Risberg scored on Schalk's hit, which went for a single. Schalk out attempting to steal and Keer was thrown out by Groh. The score.

ENTERPRISE WINS HANDTUB CONTEST

Brockton, Mass., Oct. 3.—The hand-tub Enterprise of Campbell won the first prize in the Brockton Fair firemen's contest today, taking the first cash prize of \$250 with a throw of 222 feet 10 inches. The second prize went to the Protection of Brockton with a throw of 210 ft. 6 in., and the Oke of Marblehead won the third with 218 ft. 1 in.

RIVER OF LAVA SOBS AS IT FLOWS ALONG

Fiery Stream, 300 Feet Wide and 300 Feet Deep, Building a Cape Out Into the Pacific.
Hilo, T. H., Oct. 3.—(Associated Press)—The source of the lava flow from the volcano Mauna Loa which began to erupt last Saturday was located today 5500 feet above Pukekohe, an offshoot on the mountain Mauna Kea, which has an elevation of 12,525 feet.

The lava stream, three hundred feet high and the same in breadth, flows lightly checked and it makes a rattling noise that can be heard for miles. The lava so far has built a cape a quarter of a mile southward. Observers estimated the flow first traveled to the ocean at the rate of twenty to thirty miles an hour. The lava, which pours the water from the crater, drops six thousand feet on its twenty miles flow to the sea.

PRESIDENT'S CONDITION ABOUT THE SAME

(By Associated Press)
Washington, Oct. 3.—President Wilson's condition is described as about the same with slight improvement. In a bulletin issued from the White House at ten o'clock this evening by Dr. Grayson, his physician. The bulletin: "The President's condition is about the same with a slight improvement." Signed Grayson.

Today a flood of messages of sympathy reached the White House from everywhere and many distinguished officials and diplomats called to express their sorrow at the President's illness. Among them was Ex-President Taft, who remained half an hour in conversation with Secretary Tamm.

UNION PICKET SHOT BY ARMED NEGROES

Indiana Harbor, Oct. 3.—Rioting broke out at the Universal Portland Cement plant here this afternoon when a Union picket was shot by a negro. The negro was one of an armed band of twenty-five negroes who were on their way to return to work. The negro was captured and the others driven into the woods by 300 strikers.

GOVERNORS AT BROCKTON

Brockton, Oct. 3.—Though a drizzle of rain, when the gates at the Brockton fair grounds opened at 7 o'clock this morning, the victory of the sun over the clouds a few hours later resulted in bringing the attendance up to an early figure that bid fair tonight to surpass the attendance figures of any previous Governor's day.

The few thousands who braved the uncertain weather of the morning to be on hand during the last day of the fair had become many thousands by noon and other patrons were arriving steadily.

Lt. Gov. Cox Attends
Lt. Gov. Channing Cox, accompanied by the Governor's council and the Governor's staff, arrived shortly after 1 o'clock. They were escorted to the fair grounds by the 3d battalion, 11th regiment, state guard, and a consolidated band of 175 players.

Interest today centered chiefly in the firemen's contest. There were 32 entries, representing every state in New England. The Hancock hand-tub of Brockton, winner of six first prizes during the 11 minutes held at Brockton earlier, was the first to play. On the first 10-minute play this afternoon the Hancock crew threw a stream of water 215 feet 3 1/4 inches. In 1917, the last year the fair was held the Hancock was first place with a throw of 226 feet 11 inches.

George H. Cushman of Hingham, 78-year-old fireman, and former chief of the Hingham fire department, was chairman of the board of judges for the first time. In 1917, and before 172 judges' badges.

CITIZEN'S COMMITTEE SCORES POLICE

(By Associated Press)
Boston, Oct. 3.—The Citizens committee of 31 of which James J. Storrow was chairman, a committee appointed by Mayor Peters, when it appeared that a strike of the police forces was imminent, made its final report this evening to Mayor Peters. The document, with a resolution condemning the police officers for leaving their duty and for their efforts to enforce by a strike their rights to form a union affiliated with the American Federation of Labor. The resolution was adopted at a meeting of the committee for the last time today.

"In fairness to all parties," the report says, it would be stated that at no time did the police union vote to surrender their union charter, and no vote was taken, except who they voted to strike following the suspension of the thirteen police officers who were suspended for joining the union.

In their effort to solve the problem, the committee wrote to Commissioner Curtis asking him to defer his finding on the nineteen men. In the belief that the committee could if they had time reach a settlement. Counsel for the Commissioner Herbert Parker to whom the letter was sent refused to submit it to the Commissioner and it was later brought to the attention of the Commissioner by the Mayor, and he granted their request for a delay in his decision. The committee's report says they felt concerned about the safety of the city and suggested that troops be held in readiness, but they were assured by Commissioner Curtis that he had everything in hand and did not need or want the state guard.

R. R. REJECT GOVERNMENT OFFER

(By Associated Press)
London, Oct. 3.—An official statement from Downing street issued tonight said that the Nation Union of Railroad employees had rejected the government offer of arbitration and the seven days' truce.

The Home office issued an appeal to the people to form a city guard to assist the police and constables in protecting the cities, and to maintain a sufficient force to stop all rioting.

King George left Baltimore in a motor car for London. He is making the trip by motor, owing to the railroad strike.

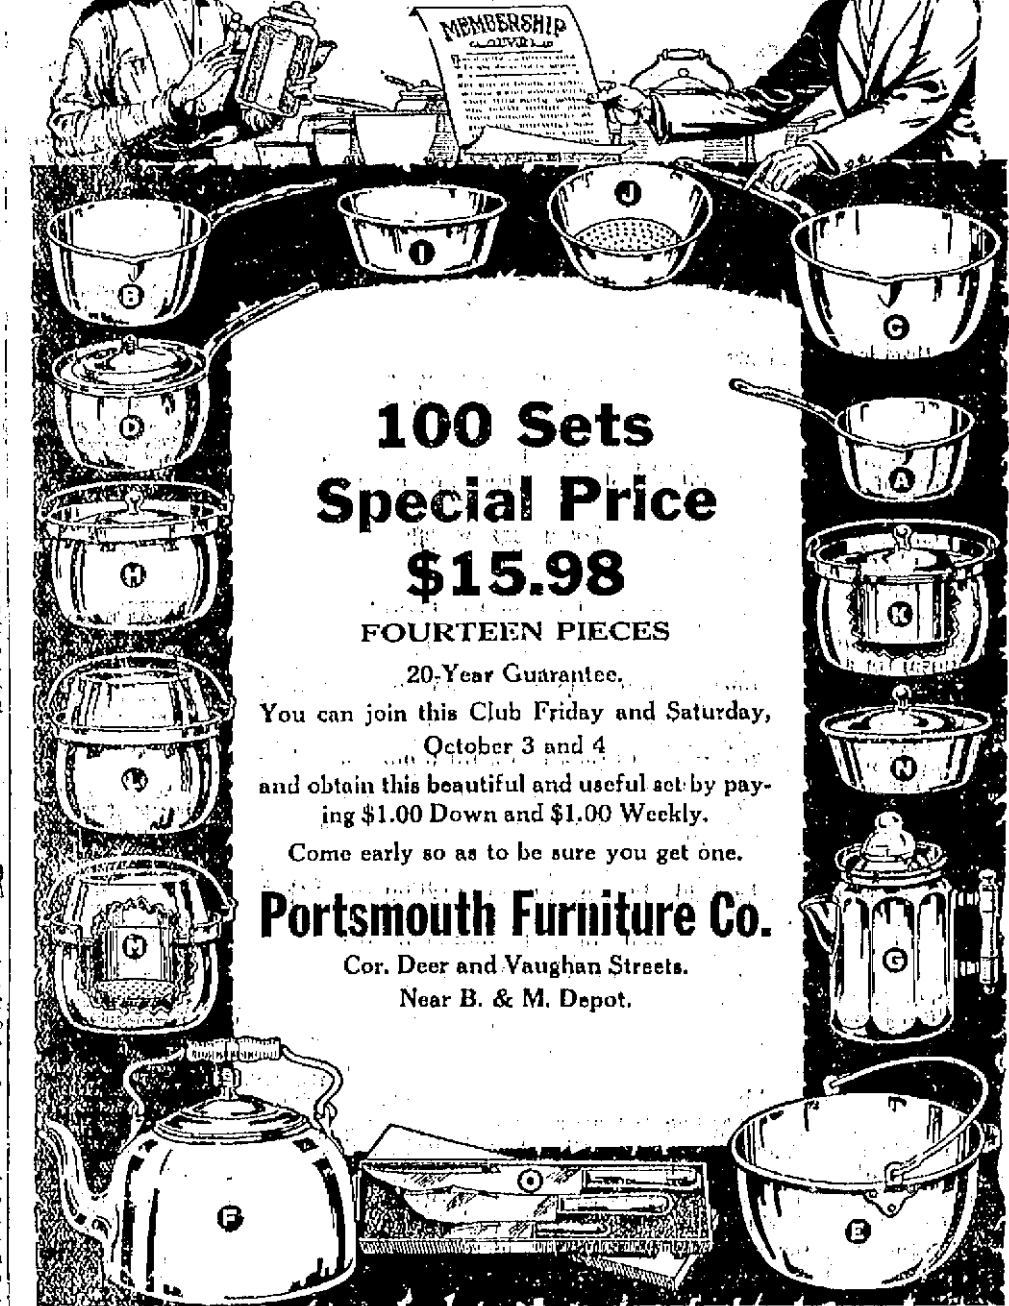

At a meeting of the Trade Union delegates following a conference with Premier Lloyd George, it was voted to call a convention of all labor unions at London on Tuesday to consider the railroad strike.

BUY YOUR COAL NOW

Harry A. Garfield, U. S. Fuel Administrator, says:
"Buy now—in August or the Autumn will be too late. A big coal shortage is coming. Thousands of miners are going back to Europe. Coal production has fallen off considerably and a shortage of many million tons looks probable. My advice to consumers is to buy NOW while they can get a succession of DELIVERIES."
"I feel bound to say that, as I see the situation, we are likely to experience a coal famine in the Fall."
Walker T. Hines, Director Gen. of U. S. Railroad Administration, says:
"Unless the consumer buys his coal this summer he is going to find it difficult to get it this Fall and Winter. I predict a shortage of cars because of resumption of business in general, with which the coal industry must share transportation facilities. There are plenty of cars today and consumers of coal are urged to use them while they can get them."

The Coming Washington Conference.

The time is close at hand for the labor and industrial conference to be held in Washington in response to a call issued by President Wilson not long ago, October 6 being the date. The delegates to the conference will represent employers, employees and the general public, and each delegation will be composed of men who should be able to devise some means for insuring industrial peace, one of the most pressing needs of the country at the present time. The delegates representing the public were appointed by President Wilson, and among them are some of the ablest men in the country.

It is said that Secretary Wilson, to whom the President left the arrangement of the details of the conference, may submit a proposal for arbitration boards to act in different districts, a plan which he is understood to strongly favor. The plan that he has in mind would restrain employers from paying higher wages than those designated in awards by the arbitration boards, and he feels that this would be a powerful influence against strikes, although there is nothing in the plan to prevent strikes. The arbitration boards would in a certain sense take the place of the War Labor Board, which was recently dissolved.

The conference will be ready to hear any proposition for allaying the present strained conditions in the industrial world, and there will be free and frank discussion of the remedies proposed. For years arbitration has seemed to many the proper means for adjusting labor difficulties, but to make arbitration a success there must be complete submission to the decisions of the arbitrators. If these are to be thrown to the winds when the decisions do not happen to be satisfactory to one side or the other arbitration becomes a farce and a failure and the situation remains as bad as before. There have been cases in which the decisions of arbitration boards have not been respected as they should have been. If the conference decides that arbitration is the remedy for existing evils in the field of industry both sides should stand ready to abide by all awards, and proper penalties should be provided for failure to do this.

It is impossible at this time to forecast what the conference will do, but that such a gathering is to be held is a hopeful sign. Labor strikes are following one another in such rapid succession as to be alarming. The continuance of such conditions would be likely to lead sooner or later to industrial stagnation, something which neither the country nor any class of the population wants to see. The condition of the country and the world calls for steady and increased production. It is a time when every shoulder should be kept at the wheel, from the humblest place on the farm to the highest position in the greatest industry. A staggering debt has been created by the war and if the bill is ever to be paid it must be worked out. There is no other way to dispose of the load.

The outcome of the conference in Washington will be awaited with keen interest in all parts of the country, for whatever is done will be national in its scope. It is sincerely to be hoped that cool heads and wise counsel will prevail and that the industrial atmosphere may be clarified and brightened by the decisions reached.

In a speech the other day Senator Borah said "if Judge Gary's statement had been circulated by one of lesser position it would have been challenged as sedition and subjected its author to prosecution under the espionage act." Does it, then, make a difference who says and does things in this country? There are many who have long suspected it.

It is to be noticed that with the agitation about the small salaries of clergymen there are instances of men leaving the pulpit for the business world. Rev. F. J. Scott of Concord, formerly of this city, is among those who have been impelled to take this course, and his many friends here will wish him well in his new field of endeavor.

A body of Congregational ministers in Boston a few days ago unanimously adopted a resolution against lynching and race riots. It is high time for such action if resolutions will do the business, but it is to be feared they will not. Resoluteness rather than resolutions is what these evils call for.

The New Hampshire Defense League has wound up its affairs. There was \$1,445 in the treasury, and the "residual legate" is the State Board of Education, which will use the fund in Americanization work.

Some of the Massachusetts Democrats are talking of making the Boston police strike an issue in the state campaign. Nothing would better suit Governor Coolidge and his supporters.

General Leonard Wood was not allowed to go across at the time of the big trouble, but he is promptly placed in command on the Omaha "front."

AIRPLANE TO BE USED IN RESEARCH WORK

(By Associated Press)

London, Oct. 4.—An airplane hovering about the South Pole, may send back to London daily wireless advice relative to explorations of scientific researches by the South Pole expedition which is to be led by John L. Cope next summer.

The explorer, who has served as surgeon and biologist on previous south polar expeditions believes the use of airplanes and wireless is probing the solitudes of the ice-bound Antarctic regions will lead to revelations that will make the trip more important from a scientific point of view than any previous explorations of the earth's under side.

Although new difficulties will be created by the use of aircraft it is claimed the advantage to be obtained are so great as to be obvious to anyone acquainted with such research. It is proposed to equip the airplanes with wireless apparatus having a sending range of several hundred miles ensuring communications with from this ship summaries of the airplanes' exploits are to be flashed by more powerful instruments back to this civilized world.

HOLLAND TO RECLAIM LAND

(By Associated Press)

Amsterdam, Oct. 4.—Holland at last has begun work on its long-projected plan for reclaiming the land covered by the Zuider Zee. This will mark the fulfillment of a Dutch dream of seventy years.

The scheme aims at recovering for (Holland) pasture about 800 square miles flooded by the sea 700 years ago with a loss, it is said of 80,000 lives. The remaining 600 square miles of channel between the reclaimed portions of land will be turned into a fresh water lake fed by the river IJssel, a branch of the Rhine, and protected against the sea by a dyke. 133 miles long between the island of Wieringen and Friesland, on the coast of Friesland.

The reclaimed land will consist of four "polders" surrounding the lake. They are expected eventually to supply a living to nearly 250,000 persons. The work is to be spread over twenty years and will cost about \$100,000,000. During the last three generations the Dutch have added to their territory by reclamation 2000 square miles.

LIEUT. WRIGHT OF THIS CITY WILL DO SOME FLYING

One of Twenty Men in the Big Flight From Mineola to San Francisco.

LIEUT. J. BRANDON WRIGHT.

Lieut. J. Brandon Wright, a well-known local young man; son of Mr. and Mrs. John Wright of Orlino's Point road, is to be one of the fliers in the big aeroplane race from Mineola, N. Y., to San Francisco, which starts on Oct. 5. Lieut. Wright was one of the 20 aviators to make application to fly on the trip and one of the 20 chosen. He will fly a new De Havilland 4 with a 113 horsepower Liberty motor. In crossing the country there are 21 control spots where each machine must stop at least 30 minutes. The longest distance between control stations is 150 miles and the shortest 50 miles. The contestants fly by compass and maps and on the trip each has an observer and navigator.

Lieut. Wright was much pleased to be one of the lucky contestants to make the trip. He is a former well known local athlete and also was peack in athletics at Tilton Seminary, from which institution he was graduated. He returned from France in July where he served for ten months, being with the 141st Aero Squadron, and was with the army of occupation in Germany for a time. He is still in the service and stationed at Hazelhurst field, Mineola, N. Y.

GOV. COOLIDGE DISCUSSES THE POLICE STRIKE

(By Associated Press)

Boston, Oct. 4.—Gov. Calvin Coolidge in his address to the Republican State Convention today discussed the situation arising from the strike of policemen in this city. "The government of Massachusetts," he said, "is not seeking to resist the lawful action or sound policy of organized labor. It is seeking to prevent a condition which would at once destroy all labor unions and all else within the foundations of civilization by maintaining the authority and sanctity of law. It is my purpose to maintain the government of Massachusetts as it was founded by our people, the protector of the rights of all but subservient to none." Discussing his refusal to reinstate the striking policemen Gov. Coolidge said "There is an obligation to forgive but it does not extend to the unpunished. To give them aid and comfort is to support their evil doing and to become an accessory after the fact. A government which does that is a reproach to all civilization and will soon have on its hands the blood of its citizens. I have rejected and propose to continue in resistance to such government." Congressman Allan T. Treadway who was the permanent chairman of the convention prefaced his remarks with an expression of sympathy for President Wilson in his illness and a hope for his early recovery. "His labors have tested his vitality to the utmost," he said "and we pray that he may be spared to continue his official responsibilities. His illness is a sorrow to the entire nation." The convention applauded loudly. The report of the committee on resolutions urged prompt action on the peace treaty and said of the league of nations covenant "All are agreed that this nation should do everything in its power to secure and perpetuate world peace and to substitute forever for the horrors and miseries occasioned by warfare a just and permanent method of settling with honor and certainty the inevitable disputes between nations and people. All are also agreed that the sooner a final disposition of this problem is made the better it will be for the peoples of the world. We therefore, favor prompt ratification of the treaty of peace with out amendment but with such effective reservations as will make clear the unconditional right of the United States to withdraw from the league upon due notice, as will provide that the United States shall assume no obligation to employ American soldiers and sailors unless Congress shall by act or resolution so direct, as will make it clear that no domestic questions such as the tariff and immigration will be taken from the control of the United States and the United States shall be sole judge as to the interpretation of the Monroe Doctrine. There must be no abridgment of the sovereignty of the nation, of the control of its own domestic affairs, or of the maintenance of its national policies."

NEWINGTON

Newington, Oct. 4.—Miss Grace Pickering, who has been at home for the past six weeks, has returned to work and taken up her vacation again, nursing the sick.

Herbert Pickering, Jr., of Lynn, has been passing a few days with his grandfather, Mr. Luther Pickering. The Reapers Circle met with Mrs. Taylor on Thursday afternoon. The ladies are planning a Halloween party and it is now hoped that as the busy summer is past that there will be a larger attendance at the fortnightly meetings.

The Historical Society met at the club rooms on Friday afternoon. The Pomona Grange will meet at the town hall on Wednesday, and it is hoped that there will be a large attendance at the public meeting which is held in the afternoon.

Miss Drake of Rye has been caring for Miss Hannah Pickering, who has been seriously ill the past week.

It is with regret that we note the fact that the work at the Shattuck hospital is nearly finished, where several thousand men were employed there are only about fifty. Some of the guards and those engaged in tending and taking care of the lumber will have employment for some time. It seems a pity a yard so well equipped and such a fine situation cannot be used for some manufacturing purpose if not as a shipyard.

The friends of Miss Hannah J. Pickering will be sorry to hear of her death which occurred on Friday morning at the home of Mrs. Harriet Hoyt, where the deceased has lived for nearly nineteen years. She would have been 61 years of age the 16th of this month.

Miss Pickering has surely borne her share of physical weakness patiently and uncomplainingly, for while young she suffered intensely with fits of the eyes, which baffled the skill of doctors and specialists. After months of suffering the pain subsided but her eyesight grew dimmer and dimmer and for years she could only discern the difference between light and darkness, and between the color of the road and the green grass. Now for about ten years she has been totally blind and dependent on her friends, who have been very kind and thoughtful of her.

to take her to church, and to the different society meetings of which she was a member, for she was a constant attendant unless detained at home on account of illness.

Her attacks of ill health from time to time have increased and of a longer duration each time, and since last February she has been confined to the house. At times during the summer she seemed to be convalescing for she especially exerted her will power, energy and strength and attended church one Sunday and also went to one of the Reapers Circle meetings. After this, she slowly faded until three weeks ago her condition precluded all hope of recovery and cared for by loving friends she gradually sank until the death angel came to free the faithful spirit.

Miss Pickering was kind and thoughtful of others, sympathetic, firm in her convictions and loyal to her church and town. She did not permit her blindness to cause her to despair, but she cheerfully submitted to the cross laid upon her. Her faith in her Heavenly Father was strong and her life so sacrificed to His will that she was usually bright and cheerful. Her friends will never forget her pleasant ways and cheerful smile which continued to the end.

The pastors and members of our Congregational church with whom she has so faithfully and earnestly worked will cherish the memory of their associate, and her influence will help others to give their time and attention to church work, that of doing good and building up the church.

She has been tenderly cared for by Mrs. Hoyt and her daughter, who have ministered to her wants and comfort. Besides these faithful friends she is survived by two brothers, George Wallace and Isaac Pickering.

The funeral service will be held from the church at 2:30 on Sunday afternoon.

The Vice Versa Club held an enjoyable whist party Friday evening at the town hall, in Newington. Twelve tables were occupied by the players and at the conclusion of the play the ladies' prize, a cut glass dish, was awarded to Mrs. Donnell. The gentlemen's prize, a silk tie, was won by Wesley Packard.

Whist was played for two hours and after the game coffee and assorted cake was served. The remainder of the evening was devoted to dancing, music being furnished by the Harmony orchestra.

The Historical society held a meeting Friday afternoon and plans were made to have a whist party on Friday evening, Oct. 17. The Historical society house is to be open to the public for a small sum on the occasion of the meeting of the East Pomona Grange with Pomona Grange of Newington.

Misses Helen Coleman, Bertha Carlin and Edie Browne were the guests of Mrs. Bertha Hoyt in Kittery on Tuesday.

Mrs. Emma Pickering of Sanford, Me., is visiting friends in town.

Misses Oney and Marion Hoyt, who have been visiting in Newington, have returned to their home in Lynn.

Mr. and Mrs. Lewis DePoe of Hartford, Conn., who are passing a month at their summer home, are entertaining friends from Hartford.

POLICE COURT

An argument over a dress started a scarp between Mary LaValle and Emma Perkins on High street early Thursday evening. Mary was doing considerable punching and Emma considerable squawking when the police came along. Today, before Judge Adams they pleaded sole in the charge of disorderly conduct and each paid costs of court amounting to \$5.93.

A DISTINCT NOVELTY

The knoths to be used at the Knights of Pythias Bazaar to be held at Freeman's hall, Oct. 15, 16 and 17 will be a distinct novelty and will form one of the prettiest spectacles seen in the city for years. A good entertainment is to be furnished each evening.

MEDICAL SUPPLIES RETURNED

(By Associated Press)

Budapest, Oct. 4.—Thousands of tons of American medical supplies, captured in Rumania by the Hungarian army in 1917-18, and recaptured by the Rumanians upon their occupation of Budapest, will soon be on their way to Bucharest, the Rumanian capital.

The supplies, consisting of a trainload of huge cases, were shipped via Vladivostok in 1916, this being the only route then open to Rumania. Many of these supplies belonged to the American Red Cross, which was driven out of Rumania by the Austro-Hungarian invasion of 1917. The remainder were sold to the Rumanian army by American drug firms.

Despite the fact that the typhus was raging in Rumania at the time and these supplies were desperately needed by the civilian population, the Austro-Hungarians loaded every case, particularly American instruments and hospital goods, on their "booby trains" which left Bucharest almost daily. Together with these supplies went the equipment of every hospital and pharmacy in Rumania, the population being left to get along as best it could.

Upon the discovery of these supplies in warehouses in Budapest, the part that belonged to the American Red Cross was immediately turned over to it by the Rumanian army. Captain Melvin M. Knight, an American Red Cross man of Worcester, Mass., who was with the Rumanian army, became custodian. They are now being shipped back to Bucharest.

RED CROSS CARING FOR POLISH BABIES

(By Associated Press)
Warsaw, Oct. 4.—The American Red Cross has purchased the chateau of the late Emperor Nicholas of Russia, in the forest of Bialystok. In the days when Nicholas ruled over all the Russias he often journeyed to Bialystok forest with a numerous suite, where hunting parties would be organized.
The hundred and twenty rooms formerly occupied by the late Emperor's guests now shelter Polish babies for whom the Red Cross is caring.

BURGLARIES ON THE INCREASE

(By Associated Press)
London, Oct. 4.—Burglary has increased 80 per cent in London during the past year, and burglary insurance companies are urging policy holders to help them defeat the gentlemen who covet another people's property and take it.
"We tell a householder that if he would remove the ordinary rim lock and replace it with a mortice lock, one sunk in the edge of the door, he would make his premises safer, said an official. The first can be readily jammed; the second is almost burglar proof."

LOCAL Y. M. C. A. DRIVE FOR FUNDS

The Young Men's Christian Association will conduct a campaign for \$5000, beginning the week of October 5th. The work of the Portsmouth Association has been carried on during the past three years without a general appeal to the citizens. But in order to meet the expense of carrying on the work and making necessary repairs in the building for the year ending May 1920 the Association must raise this amount.
There is no question as to the fact that the Portsmouth Association has accomplished more in the past three years than during any similar period in its history. In this period it did not shut its funds secured in the various drives by war welfare organizations.

In order that the membership might be placed within the reach of every young man and boy in the community the rates are necessarily low, and the income is not large enough to cover operating expenses. For example, a boy pays \$5.00 per year for a membership and a young man \$8.00. If the rates were made high enough to cover operating expenses a boys membership would be at least \$15.00 and men's \$25.00 per year. In order to continue the effective work of the Association in the community it depends upon its friends for support. There is no doubt

FORESTERS CLOSE BIG FAIR

The Foresters closed their three night fair on Friday evening, and with the largest crowd of the fair. There was a lively time clearing up all of the tables and awarding the prizes.
The sum of \$100 was awarded to M. J. Burns; the ton of coal to Miss Regan of Cabot street and a set of dishes to Frank Brannigan.
The entertainment furnished by Dondero has been a pleasing character and greatly enjoyed by the patrons of the fair.
Too much credit cannot be given the executive committee of the fair who have left nothing undone to make the fair a success in every particular. As the result of their efforts Conet Stockingham, and Constitution Circle will realize a tidy sum of money.

SCOURING THE COUNTRY FOR CIDER BARRELS

The city is being combed for cider

barrels and "everybody" that has a cask that will hold the apple juice can get rid of it with not the least trouble. Every farmer is on the hunt and there are signs of a great output of the product. When the word was passed that the barrel scavengers were busy in the city as well as the farmers, up went the price of every kind of a receptacle that holds cider. It's a great game if played right.

HIGH SCHOOL READY FOR OPENING GAME

The High school had light practice and signal work on Friday afternoon, in preparation for their opening game this afternoon with the Newburyport team. The coaches will give as many men as possible a try out in the opening game if there is an opportunity. The grounds are not in any too good condition, the goal posts have been put up after a fashion and the ground has not been gone over as well as it might. It does seem as though the Board of Public Works could give a little more attention to the play ground. It is the most interesting spot in the city, for the sporting loving people.

SPORT NOTES OF INTEREST

All plans have been completed for the boxing show at Quamquam Park next Monday evening and at least two of the affairs, the main bout between Kid Dube of Lewiston and Mike Canale of Lawrence and the meeting for the first time of Young St. Elshire of Somersworth and Kid Chambers of Middleford promise to be as fast as any which have been witnessed under the Dover A. A. auspices. Before a large audience of wrestling fans at Franklin, N. H., Wednesday night, Eugene Tremblay, champion lightweight wrestler of the world, defeated Soldier Katt of Portland, Me., such man getting a fall and the soldier forfeiting the match when it failed to put in his appearance for the third session. The first fall was won by Katt in 45 minutes, 29 seconds on a head chancy and wrist lock. The second fall went to Tremblay by a head scissor and toe hold in 22 1-2 minutes. Katt's non-appearance for the third fall was due to an injury to a knee in the second fall. The match was for a purse of \$100, the winner taking \$300. The latest baseball project to be advanced for the coming season is a league to be composed of East Rockingham, Rochester, Dover, Somersworth, South Berwick, Newmarket and Portsmouth and it is meeting with considerable interest from the baseball fans. It seems to be the general opinion

MANY PEOPLE FIND RECONSTRUCTION

Even more trying than the excitement of the war, because now comes the anxiety of holding a job and keeping expenses down. Two valuable points are gained by taking Hood's Sarsaparilla. First, it gives the good health necessary to earn good pay; 2d, it is a very economical medicine. No other gives so many doses nor contains so much real medicinal value in a dose. You will like Hood's Pills if you want a gentle laxative.

among the boxing fans that the Rockingham A. A. has arranged a stellar attraction for next Wednesday evening. All the boxers on the card are well known performers and are kept busy pretty much all the time from the fact of their willingness to give the fans all they possess. Artie Williams of Rockingham and Tommy Riley of Middleford will mingle in the final bout of the evening. Williams, it will be remembered, boxed Joe Alger in this city some three months ago and it was generally conceded to be the best bout ever seen in Portsmouth. Riley has been a consistent performer for several years and up at Dover last week he stopped Young Gwynn of Somersworth after giving that worthy a green boxing lesson. It was the first time that Gwynn was ever stopped. Another top-notch bout will bring together Patsy Gilman of Cambridge, Mass., and young Jimmie of Woonsocket. Bishop served in the navy during the war and Greene is just back from the army and both are going faster now than ever. These boys have been big performers in New England for several years. A preliminary of 6 rounds, much better than the ordinary, will open up the show.

"Dutch" Connors, the sensational fullback of 1917 New Hampshire State football team who was considered by all who saw him as the best college back in New England, joined the team Wednesday and will play in the lineup against Bates at Lewiston Saturday. The return of Connors was hailed with delight by the students who well remembered the prowess of the 192-lb fullback and one of the fastest men on the team. Connors is the man who scored in 1917, 26 points alone against Maine and played a sensational game throughout the entire season. His return will strengthen the team 100 per cent in the backfield. The only man on the varsity squad who is on the hospital list at present is Art Davis, who injured his shoulder in practice and has been out of scrimmage for several days. Davis was unable to get into the Connecticut game. The New Hampshire men all came out of the Connecticut game in fine shape.

There is no one-armed championship in any sport, but there promises to be a one-armed championship in golf here many seasons have passed. The war has left many hundreds of golfers on this side of the water minus their right or left arm, but they scendling handicap ought not to deter their golfing spirit or hope for their pleasure when they have, for example, such wonderful players as Lania Mayfield of the White Beeches Golf club of New Jersey and Yves Hecazson of La Jolla from the Gulf de Paris at Versailles, France. We have heard of and seen one armed baseball and football players, but their ability was always discounted because of their affliction, and in truth it rarely rose above mediocrity. But in golf the performance of a dozen one armed golfers with their two, Mayfield and Hecazson, leading the way, have stirred up enthusiasm and wonderment.

During the past week the property known as the Murch Farm, on the Cascade road, short distance from Old Orchard, Me., has been purchased by a group of Old Orchard Hotel men and others for the purpose of laying out a first class golf course. The professional golfers from the Portland, Portland's Neck and Kineo courses have pronounced the location and ground as the finest in this part of the country. During the fall and spring nine holes will be completed and the development of the full 18 holes will progress as finances permit, while the farm buildings, which are large and modernized will be converted into a club house.

ONLY TWO GARRISONS MAINTAINED

(By Associated Press)
Washington, Oct. 3.—Brest and Paris will be the only sectors in which American garrisons will be maintained after Oct. 10th, the War Department announced today.

REMEMBERED BY FRIENDS

In recognition of her coming marriage Miss Bertha E. Akerman was given a subscription shower Fri. evening at the home of Mrs. Stanley Nelson on Maplewood avenue. Sixteen friends of Miss Akerman were present and the time was passed in a pleasant social manner. Numerous gifts were bestowed upon her and refreshments of sandwiches, assorted cake and ice cream served.

THE UNIVERSAL CAR

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

**BENEFIT OF
 ORGANIZED
 CHARITIES**

The management of the Tuesday dances in Freeman's hall has for the weekly attraction next Tuesday, Johnny Walsh's orchestra of Lynn, Mass. Walsh has one of the best orchestras in New England. This team was engaged in anticipation of a tremendous crowd and with a view of pleasing the big patronage. Pursuant to an annual custom of the management the entire net receipts will be turned over to Portsmouth Organized Charities. Local people have responded most generously on similar occasions in former years and from expressions heard about town the attendance this year will be far in excess of any heretofore. Combining the well known quality of the Tuesday attractions at Freeman's hall, the splendid music on all occasions, the exceptionally fine orchestra for next Tuesday, will suffice to bring out a large crowd. This in addition to the object of the occasion will surely pack the hall, floor and balcony for Portsmouth people have never been found wanting on occasions of this kind.

The return of the marriage of Chester L. Clough and Miss Emma D. Perry, both of this city, was made to City Clerk Oliver E. Clark on Saturday. The ceremony took place in Concord, N. H., on Oct. 1 and was performed by

**GOOD BOXING SHOW
 BY DOVER A. C.**

The Dover A. C. have something for the boxing fans at Quamphagan Park on Monday night. The main bouts of 6 rounds each between Mike Castle of Lawrence and Young of Biddeford will be all that goes with good fast boxing. St. Malare of Somersworth and Kid Chambers of Biddeford will furnish part of the big show. In the 6 round semi-final Young St. Lawrence and Kid Desotel of Dover are good men and have always put up a fine exhibition. Cars leave for Portsmouth after the show.

MALE QUARTET TO SING

Tomorrow evening at 7.30 when P. H. Morgan of Boston gives his illustrated lecture on "The Building of an Empire" at the Methodist church on Miller avenue a male quartet under the direction of Mr. Bulbrack will furnish special music. The public are cordially invited. The lecture has been given in many places and the people are always very much interested and delighted with it.

Miss Georgine M. Moses will resume classes in dancing for adults and juveniles the first week in November. Announcement cards to be issued later. Private instructions by appointment. 303 Ishington St., Tel. 735 W. e-h 1 w 2 29.

**YOUNG LADIES
 PRESENT
 A FARCE**

A successful amateur farce, "How the Story Grew," was presented last evening by several young ladies for the benefit of the Four Leaf Clover Society at the Cong. Street Christian church.

The story was developed from typical village gossip and was replete with many local hits that were highly amusing. Especially worthy of mention was an Irish character portrayed by Miss Knowles.

Numerous individual numbers added to the pleasure of the occasion. Refreshments of ice cream and cake were served.

**RUMMAGE SALE
 WAS SUCCESSFUL**

Storer Relief Corps conducted a rummage sale on Thursday in a vacant store on Daniel street. A good amount of second hand clothing and other articles were offered for sale and found ready purchasers. The high cost of living has made it unusually hard for the poorer classes to clothe their families and a rummage sale is a boon to many, who often find good warm material in some of the cast off clothing and often such can be found to fit and is all ready for wear. The sale of the Storer Relief Corps will net about \$60.

**NEWLY MARRIED
 COUPLE PRESENTED
 WITH CUT GLASS**

Genuine Surprise Party for Mr. and Mrs. Carl Klabbatz.

Mr. and Mrs. Carl Klabbatz were the victims of a genuine surprise on Wednesday evening last when they were called to the home of Mrs. Alling on Gates street where a large party were assembled to greet them in honor of their recent marriage.

Following the warm greetings and congratulations extended to the honored guests, Mrs. Alling on behalf of those present presented Mr. and Mrs. Klabbatz with a handsome and costly cut glass water set.

A fine report of affairs, news etc. were served.

A pleasing musical program added to the evening's enjoyment.

The groom is a well known, busy man and a resident of Manchester, Penn. The bride is decidedly popular with a host of acquaintances throughout the city. She formerly lived in Carthage, N. Carolina. They were married by Rev. W. Caswell of the Cong. Street Christian church.

**MONTHLY SPEAKERS
 AND SUPPERS**

Chamber of Commerce inaugurating a Winter Campaign.

The Chamber of Commerce will hold monthly suppers beginning the latter part of October and continuing during the winter and early spring. These suppers will be open to all, they will be entirely informal and the time will be devoted to discussions of leading questions of the day and matters of local interest. Live wire speakers will be presented and discussion invited by those in attendance. These affairs will not be junkets as every man pays for his own supper, the main object being to get men together to create a wider interest in local and national affairs and to encourage that spirit of co-operation which must exist in any city if that city is to realize its full possibilities. The time will be announced in due course and a large attendance should be assured.

LOST—Saturday noon near Washworth's store, a ladies silk umbrella, silver and blue enamel knob. Finder return to this office and receive reward. No questions asked. h 37 at

**NEW YORK
 CAPITALISTS
 HERE**

Parties headed by Judge Wells of New York and Mr. Aaron formerly connected with the U. S. Housing Commission, have been here looking over the water front facilities. They also visited the brewery with members of the Chamber of Commerce. They represented an industry that is looking over a number of places with harbor facilities.
